EDUCATION

Alva's Institue of Engineering and Technology   *December 2020 - Present*
Bachelor of Engineering in Computer Science and Engineering(CGPA: 6.24)   *Karnataka,India*

PROJECT

Interview Management System

(HTML, CSS, JavaScript, PHP, MySQL)
An interview panel management system is a software tool that helps organizations manage and organize their interview process. It can include features such as scheduling interviews, tracking candidate progress, and storing feedback from interviewers.s. The system can also help automate communication with candidates and send reminders to interviewers. The abstract concept is to help manage and streamline the interview process for all parties involved.
